Indiana AAUW established a Lending Library collection that focuses on AAUW’s mission and goals of advocacy, education, and research. Many of the materials in this collection are historic in nature. They provide research data that support that mission and those goals. Others are contemporary and reflective of national as well as global conditions, challenges, and issues. Indiana AAUW branches are encouraged to utilize these acquisitions frequently in support of AAUW mission-based programming that is member-focused and/or as a recruitment/orientation tool. This growing collection includes a variety of formats: books, reports, videotapes, and DVDs/CDs.

All IN Lending Library materials are available for use by any branch or member for branch programming or personal enrichment. A comprehensive bibliography has been sent to each Branch President. Guidelines for borrowing:

- Materials will be shipped without cost to the borrower.
- Return shipping cost are the responsibility of the borrower.
- Please request materials at least seven days in advance of scheduled use.
- Items should be returned within seven days after use so that they are available to others.
- Forward requests/return items to
  Agnes George
  1145 Matthews Street
  Gary, IN  46406

IN AAUW members are urged to make frequent use of the Lending Library. Feedback about individual items would be greatly appreciated. Also, suggestions for additions to the collection are always welcomed.

Respectfully submitted,
Agnes George, Coordinator
IN AAUW Lending Library
