2.4 Conduct culturally appropriate assessment, management, and communication strategies Students will conduct culturally appropriate risk and asset assessment, management, and communication strategies with nonprofit stakeholders.	No Mapping
2.5 Develop interactions with culturally different others	No Mapping

Students will initiate and develop interactions with culturally different others.

3. Financial Resource Development & Management

Highlights financial resource acquisition, budgeting, financial management, control and transparency in nonprofit organizations.

Outcome	Mapping
3.1 Define fundraising methods and donor motivations Students will define traditional fundraising methods and the related donor motivations.	No Mapping
3.2 Write a case statement to persuade others to give Students will demonstrate the ability to write an organizational case statement to persuade others to give.	Foundational Studies: 10. Express themselves effectively, professionally, and persuasively both orally and in writing.
3.3 Specify a new strategy for an existing resource development plan Students will specify a new strategy for an existing resource development plan based on existing organizational capacity.	No Mapping
3.4 Define the role of development as a strategic function Students will define the role of development as a strategic function for nonprofit organizations, impacting all departments, affecting service delivery and stakeholder satisfaction, and influencing ability to fulfill mission.	No Mapping
3.5 Construct a development plan Students will construct a comprehensive development plan.	No Mapping
3.6 Define budgeting methods Students will list and define a range of budgeting methods.	No Mapping
3.7 Prepare a budget Students will prepare a program budget.	No Mapping
3.8 Identify the concepts of transparency and accountability Students will identify the concepts of transparency and accountability in the nonprofit context.	No Mapping
3.9 Identify contributions and net assets Students will identify restricted, temporarily restricted, and unrestricted contributions and net assets.	No Mapping
3.10 Classify accounting methods Students will classify the different accounting methods relevant to nonprofit operations (cash, accrual, fund).	No Mapping
3.11 Translate the roles of compliance and monitoring in the grants economy Students will translate the roles of compliance and monitoring in the grants economy.	No Mapping
3.12 Detect gaps in a control/compliance system Students will detect gaps in a control/compliance system based on knowledge of smart practices for nonprofits	No Mapping

4. Foundations & Management of the Nonprofit Sector

Highlights the history, contributions, and unique characteristics of the nonprofit sector and its management.

Outcome	Mapping
4.1 Describe the forces that shape nonprofits and civil society Students will describe the historical, philosophical, economic, religious, political, and social forces that shape development, role, and significance of nonprofits and civil society.	No Mapping

4.2 Recommend the appropriate organizational design Students will recommend the appropriate organizational design (size, impact, type, structure) for a nonprofit organization.	No Mapping
4.3 Define mission orientation Students will define mission orientation for a nonprofit organization.	No Mapping
4.4 Design a program that supports the mission Students will design a program that supports the organization's mission.	No Mapping
4.5 Define characteristics of a mission statement Students will define characteristics of an effective mission statement.	No Mapping
4.6 Identify the characteristics of the various sectors Students will identify the characteristics associated with the for-profit, nonprofit, and government/public sectors.	No Mapping

5. Governance, Leadership, & Advocacy

Highlights the stewardship and advocacy roles, responsibilities and leadership of the board of directors, staff and volunteers in the development of policies, procedures, and processes by which nonprofits operate and are held accountable.

Outcome	Mapping
5.1 Outline board and committee roles and responsibilities Students will outline board and committee roles and responsibilities including such documents as board member job descriptions, board member agreements and committee expectations for a real or fictitious nonprofit organization.	No Mapping
5.2 Compare and contrast the impact of leadership and management Students will compare and contrast the impact of leadership and management on nonprofit organizational effectiveness and efficiency.	No Mapping
5.3 Construct a strategic plan Students will construct a strategic plan based on appropriate analyses providing strategic direction to an organization.	No Mapping
5.4 Develop evaluation methods Students will develop evaluation methods to assess strengths, weaknesses, and job performance for the Board of Directors and Chief Executive Officer.	No Mapping
5.5 Identify leadership characteristics Students will identify leadership characteristics, styles, and competencies which promote organizational effectiveness and efficiency.	No Mapping
5.6 Identify the function of nonprofits in advocacy and public policy Students will identify the critical function of nonprofit organizations in advocacy and the public policy process.	No Mapping

6. Legal & Ethical Decision Making

Highlights basic laws, regulations and professional standards that govern nonprofit sector operations, including a basic knowledge of risk and crisis management, ethics, and decision-making.

Outcome	Mapping
6.1 Examine the impact of laws and regulations Students will critically examine the practical impact that laws and regulations have on the operation and structure of nonprofits in relation to their intended outcome.	No Mapping
6.2 Engage in a risk management assessment Students will engage in a risk management assessment to identify areas of vulnerability for a real or fictitious nonprofit organization.	No Mapping

6.3 Develop a crisis management plan No Mapping

Students will develop a proactive and reactive crisis management plan.

6.4 Explain the types of organizational values No Mapping

Students will explain the different types of organizational values (e.g., accountability, transparency, responsiveness, equity, efficiency, effectiveness).

6.5 Identify personal values system No Mapping

Students will identify personal values system.

6.6 Apply the code of conduct No Mapping

Students will apply the components of a code of conduct for nonprofit professionals, volunteers, and other stakeholders.

6.7 Compare and contrast the impact of ethical vs. legal priorities No Mapping

Students will compare and contrast the impact of ethical versus legal priorities in making decisions that protect the mission and the organization itself.

7. Personal & Professional Development

Highlights the nature of employment in the nonprofit sector, from researching career opportunities, applying and interview for a job, to continuing professional development.

Outcome

Mapping

7.1 Analyze personal expectations for employment opportunities No Mapping

Students will analyze appropriate personal expectations for employment opportunities based on training, mission interest, size of organization or position.

7.2 Conduct an application, interview, and negotiation process No Mapping

Students will conduct a real or mock application, interview, and negotiation process.

7.3 Implement a personal professional development plan No Mapping

Students will create and implement a personal professional development plan.

7.4 Create a professional network No Mapping

Students will create a professional network by developing relationships with contacts and mentors and incorporating continuing outreach through networking.

8. Program Development

Highlights program design, implementation, and evaluation strategies applicable to all nonprofits (youth services, arts, environment, health, recreation, social services, advocacy, etc.).

Outcome

Mapping

8.1 Complete a community asset map No Mapping

Students will complete a comprehensive community asset map/community needs assessment.

8.2 Design program outcomes No Mapping

Students will design research-based, measurable program outcomes that support the organizational mission.

8.3 Defend resource needs No Mapping

Students will defend the resource needs of a program.

8.4 Manage an inclusive project or program No Mapping

Students will manage an inclusive project or program that provides for reasonable accommodations.

8.5 Present a logistical plan No Mapping

Students will present a logistical plan for a program they will implement.

8.6 Plan, implement, and evaluate a program marketing plan No Mapping

Students will plan, implement, and evaluate a program marketing plan.

8.7 Integrate mentoring components No Mapping

Students will integrate mentoring components within a program delivery model.

8.8 Conduct a program evaluation No Mapping

Students will conduct a program evaluation.

9. Volunteer and Human Resource Management

Highlights the knowledge, skills, and techniques for managing volunteer and paid staff.

Outcome

Mapping

9.1 Define terminology associated with nonprofit human resources No Mapping

Students will define key terminology associated with nonprofit human resources planning and management.

9.2 Construct a position description, solicit applicants, interview, and hire No Mapping

Students will construct an appropriate position description, solicit qualified applicants, interview, and hire for position.

9.3 Design human resource policies and practices No Mapping

Students will design human resource policies and practice that comply with labor and employment legislation and regulations.

9.4 Outline subject areas for a SOP Manual No Mapping

Students will outline subject areas recommended for a Standard Operating Procedures (SOP) Manual.

9.5 Institute a training project No Mapping

Students will institute a training project using the appropriate theories and facilitation skills.

9.6 Design competitive pay structures and incentive systems No Mapping

Students will design competitive pay structures and performance-based incentive systems.

9.7 Design a reward system for volunteers No Mapping

Students will design a reward system for volunteer staff.

9.8 Integrate techniques in evaluating employee performance No Mapping

Students will integrate the various techniques managers can use in evaluating employee or volunteer performance.

9.9 Design and apply performance appraisal forms and corrective performance management actions No Mapping

Students will design and apply performance appraisal forms and corrective performance management actions including feedback and disciplinary measures so that they are effective and legally sustainable.

10. Future of the Nonprofit Sector

Highlights the dynamic nature of the nonprofit sector, the importance of continuous improvement, emerging trends and innovations, and the critical role research plays in shaping best practices.

Outcome

Mapping

10.1 Describe the concepts related to research, program No Mapping

design, and evaluation

Students will describe the scientific concepts related to research, program design, and evaluation. (Note: Ties to 8.1, 8.2, and 8.8)

10.2 Identify external factors that impact nonprofits No Mapping

Students will identify external factors that impact nonprofit organizations and sector in terms of operations and decision making within organizations and the sector (factors may include economic, social, and environmental factors)

10.3 Evaluate an organizational structure No Mapping

Students will evaluate a current organizational structure to determine need (or not) and appropriateness of implementation of trends.

10.4 Determine which practice may resolve needs No Mapping

Students will determine which emerging practice might be useful in resolving an organization's needs.

10.5 Construct an organizational technology plan No Mapping

Students will construct an organizational technology plan.

10.6 Describe international non-governmental organizations No Mapping

Students will describe the operating environment and various types of international non-governmental organizations.

10.7 Discuss culture within a global context No Mapping

Students will discuss one's own culture within a global and comparative context.

BS in Recreation & Spt Mgmt Outcomes Set - Pre-2015

Management Skills

Integrate basic facts, principles, and processes in the design and management of RCSM events, programs, and facilities (Level: synthesis).

Outcome

Mapping

Agency Development Project

No Mapping

Work in a group to develop mission, goals, and objectives; programs and services; management plan; facilities plan, human resources plan; and public relations and marketing plan for a RCSM agency.

Leadership, Followership, and Team Work

Demonstrate the ability to lead, follow, and collaboratively work with others to accomplish organizational goals (Level: application).

Outcome

Mapping

Activity Leadership

Foundational Studies: 10. Express themselves effectively, professionally, and persuasively both orally and in writing.

Works in a group to develop a written program plan to implement a 3 hour recreation special event. The program plan will match the overall program theme, contribute to achieving a predetermined program goal, and be consistent with the agency's mission.

Critical Thinking & Problem Solving

Differentiate causes and consequences of problems in order to propose and select among alternatives (level: analysis, synthesis, evaluation).

Outcome

Mapping

Management Case Study

No Mapping

Identifies key facts, analyzes relationships, and deduces likely outcomes in RCSM scenario. Uses relevant criteria to select the most appropriate option to overcome the obstacle or constraint.

Decision-making

Appropriately use evidence based decision-making strategies to achieve organizational goals (level: application).

Outcome

Mapping

Facility Finance Plan

No Mapping

Develops proposal for multi-million dollar facility renovation project to include hotels, condominium units, retail stores, and minor league baseball complex. Uses a combination of public and private funding such that the budget reflects a 20 year payback.

Effective Communication

Use multiple mediums to effectively communication, in appropriate oral and written forms, in the workplace (level: application).

Outcome

Mapping

Professional Presentation

Foundational Studies: 10. Express themselves effectively, professionally, and persuasively both orally and in writing.

Develops and creatively uses speaking aids, including audio/visual content, that are appropriate to topic, audience, and setting. Clear verbal and appropriate non-verbal communication.

Values & Ethical Principles

Apply personal and professional values and ethical principles in the professional setting (level: application).

Outcome

Mapping

Philosophy Statement

No Mapping

Lists and describes fundamental beliefs, moral values, and ethical principles in the professional setting. Identifies an ethical dilemma likely to be faced in RCSM and discusses plan of action.

Scope of Profession

Demonstrate entry level knowledge of the scope of the profession and propose an action plan for personal development and professional advancement (level: application, synthesis).

Outcome

Mapping

Professional Action Plan

No Mapping

List and describes necessary competencies and job demands, relevant professional organizations and publications, and traditional or alternative employment opportunities. Prepares a 5 year action plan to achieve stated career goal.
