The following summary is designed to introduce you to the many benefits offered by Indiana State University. These benefits change from time to time. Indiana State University reserves the right to amend these benefits at any time.

**LIFE INSURANCE**
Participation is mandatory for all new benefit eligible employees. The coverage amount is 2.5 times appointment salary rounded up to the next whole thousand with a maximum coverage of $100,000 and includes the same amount of coverage for Accidental Death and Dismemberment (AD&D). At age 65, the coverage amount is reduced to 65% of the amount for which the employee would otherwise be eligible. The University currently pays the entire cost of coverage. An assessed tax known as imputed life may be added to the employee’s taxable liability for employer-paid premiums in excess of $50,000 of coverage. Coverage is effective the first day of the month following the date of employment; with employment on the first day of the month, coverage would begin on the date of employment.

**VOLUNTARY LIFE INSURANCE**
Additional amounts of group term life insurance may be purchased on the employee, spouse and dependent children. For new employees, the guarantee issue levels are $180,000 for employees and $50,000 for a spouse if enrolled within the first 31 days of employment. Dependent children can be covered up to $10,000 each. After 31 days, coverage is approved only with evidence of insurability. Beginning at age 70, the benefit amount begins to be reduced. Employees pay the full cost of voluntary life coverage.

**HEALTH COVERAGE – ISU Self-insured Plan (costs shared between the employee and ISU)**
The coverage includes medical, dental, and prescription drug plans. Enrollment is within the first 31 days of employment, with coverage effective on the first of the month following enrollment. The plan uses the Anthem Blue Access Network for preferred providers. The plan provides benefits based on your choice of providers. Pre-certification may be necessary for hospitalization.
In-Network Benefits-(Anthem Blue Access Network)
Many wellness services are covered at 100%. Other network benefits are subject to a $500 calendar year deductible ($1,500 family aggregate deductible). Benefits that are subject to the deductible are paid at 80% of covered charges; once deductible has been satisfied. Covered members are subject to an out-of-pocket maximum per year. Once the out-of-pocket expense reaches $3,500 per individual per calendar year ($7,000 family aggregate) benefits will increase to 100% for the remainder of the calendar year. Out-of-pocket maximum does not include dental services covered under the dental plan, or prescriptions covered under the prescription drug card plan. Office visit co-pays are $25 for a Primary Care Visit and $40 for a Specialist Office Visit.

Out-of-Network Benefits-- All services by providers not in the network are subject to the $500 calendar year deductible per person ($1,500 family aggregate deductible). After the deductible, benefits are paid at 50% of the usual and customary charge. Once out-of-pocket expenses reach $9,000 per individual per calendar year ($18,000 family aggregate) benefits will increase to 100% of excess-covered charges for the remainder of the calendar year. Out-of-pocket maximum does not pertain to dental services covered under the dental plan, or prescriptions covered under the prescription drug card plan.

The State prescription drug program, IAPP, is utilized for the prescription drug card. The card must be used to receive coverage. Prescriptions can be purchased at member pharmacies or through the mail order plan. A 90 day supply is allowed. The Plan utilizes the National Preferred Formulary. Generic prescriptions cost $10 plus 10% of balance; preferred (formulary) brand prescriptions are $20 plus 20% of balance. Non-preferred prescriptions purchased (non-formulary) will cost $20 + 50% of cost over $20. The plan also utilizes SafeGuard RX. The plan includes a $2,500 out of pocket maximum which pays charges at 100% after $2,500 of out of pocket expenses for prescription purchases are met each year.

Dental – Administered by Delta Dental www.deltadentalin.com
A listing of Delta Preferred Option dentists should be utilized for maximum benefit payments. When using a preferred dentist, two regular cleanings and examinations and one set of bitewing x-rays each year are paid at 100% of the discounted fee with no deductible. The maximum payment per calendar year per covered individual for covered dental services is $1,200. Co-payments range from 10% to 50% depending upon procedure performed and choice of a dentist. When utilizing a non-preferred dentist, there is a $50 per person per calendar year deductible with usual and customary fees paid at a lower percentage. Orthodontia benefits are included with a separate $100 deductible and 50% quarterly payment with a lifetime maximum of $1,200 for covered individuals under age 19.
