

CLERY GEOGRAPHY DEFINITIONS

Indiana State University must disclose statistics for reported Clery crimes that occur: (1) on campus, (2) on public property within or immediately adjacent to the campus, and (3) in or on non-campus buildings or property that Indiana State University owns or controls.

On-campus is defined as “any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including student halls; and property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor).”

- ***On-campus Subset: On-campus Student Housing** is defined as any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up campus.

This definition includes the following types of housing:

- ❖ Undergraduate, graduate and married student housing.
- ❖ Single family houses that are used for student housing.
- ❖ Summer school student housing.
- ❖ Buildings that are used for student housing but also have faculty, staff or any other individuals living there. (This does not include faculty-only housing. Institution-owned or controlled faculty-only housing that is located on the campus is included in the “on-campus” category.)
- ❖ Buildings that are owned by a third party that has a written agreement with our institution to provide student housing.
- ❖ Housing for officially and not officially recognized student groups, including fraternity or sorority houses that are owned or controlled by the institution or located on property that your institution owns or controls.

Non-campus building or property is defined as any building or property owned or controlled by a student organization officially recognized by the institution; and any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

- ***Non-campus Subset: Non-Campus Student Housing** is defined as “any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the same reasonably contiguous geographic area of the institution.”

Public Property is defined as all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking

CLERY GEOGRAPHY DEFINITIONS

facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution's educational purposes."

Special things to note as they pertain to Clery Geography:

Field Trips: Disclosure of statistics for crimes that occur on field trips at locations our institution does not own or control is not required.

Overnight, University-Sponsored trips: Crimes that occur in motel rooms during an overnight trip do not meet the frequently-used-by-students criterion and do not have to be disclosed.

Study Abroad Programs: If Indiana State University sends students to study abroad at an institution that is not owned or control by Indiana State University, we do not have to disclose statistics for crimes that occur in those facilities. However, if Indiana State University rents or leases space for our students in a hotel or student housing facility, we are in control of that space for the time period covered. Host family situations do not normally qualify as non-campus locations unless a written agreement with the family gives the school some significant control over space in the family home.
