EASY STEPS TO MAKE YOURSELF SAFER!

STEP 1
Do not assume even though Terre Haute may have a smaller population and lower crime rate than your home city, this does NOT mean that crimes do not happen here. In general, any safety and security measures that you take at home, you should also apply here.

STEP 2
Do not assume that people will not steal from you. Always lock your doors, even if you are gone for just a moment!

STEP 3
Do not walk alone at night! Travel in groups! Do not walk in poorly lit, rarely-traveled areas. Choose travel routes ahead of time and give that information to your friends along with the approximate time you plan to return. Consider using SAFEscort Service if you have a night class, you have a concern for your safety or well-being, you have to park in remote areas, or you have been harassed or threatened. The escort service is available 24 hours a day, call 812-237-5555 or use the “Info” button on the Blue-Light Phone System.

STEP 4
Do not post your address or telephone number on Facebook or similar sites. Be smart about the information you are posting about yourself.

STEP 5
Do not mix alcohol and drugs. Be aware of the connection between alcohol use and crime. Make plans with your friends to watch out for each other at parties and do not be afraid to tell your friend if they are behaving badly. Do not accept drinks from strangers or leave your drink unattended.
