

# Academic Department Student Success Summit

*Sponsored by Academic Affairs, the Office of Student Success, and  
the Office of Assessment and Accreditation*

**Tuesday, May 23; 1:30-4:30pm - Library Events Area**

Department Chairs, Program Chairs, and faculty engaged with activities and initiatives associated with student success (e.g., department success plans and/or learning outcome and assessment efforts) are invited to a conversation focused summit. The purpose is to reflect on achievements, challenges, and future opportunities and learn what others have been doing in these areas. **RSVPs requested via [this link](#).**

## **Program Schedule:**

**1:30-1:45pm – Reflections from Provost Licari**

**1:45-2:15pm – Advising & Advising Processes**

**2:15-2:45pm – Student Support Activities<sup>1</sup>**

**2:45-3:00pm – Refreshment Break**

**3:00-3:30 pm – Courses and Curriculum<sup>2</sup>**

**3:30-4:00 pm – Learning Outcomes and Assessment<sup>3</sup>**

**4:00-4:20pm – Summer Funding Opportunities**

## **Summer Funding Opportunities**

The Office of Student Success and the Office of Assessment and Accreditation are each offering a summer funding opportunity to support the advancement of student success. **With regard to the former**, a \$500 stipend is available to Department Chairs, Program Coordinators, and/or faculty who are highly engaged with student success efforts in their department. The purpose is a deep descriptive and inferential data dive to inform departmental efforts for 2017-18 and will be done in collaboration with the Office of Student Success and Institutional Research. Attendees to the Summit will be preferenced for support. For more information, see this [RFP posting](#) on the Office of Student Success website. **With regard to the latter**, up to \$500 is available to support departmental efforts at strengthening student learning outcomes and the enhancement of assessment plans. See this [RFP posting](#) on the Assessment and Accreditation website.

<sup>1</sup> To include activities such as tutoring, mentoring, supplemental instruction, department/college sponsored student organizations, learning communities, department events, etc.

<sup>2</sup> To include activities such as addressing student course performance, D/F/drop rates, course accessibility and sequencing, service course issues, and curricular issues linked to student success goals.

<sup>3</sup> Student learning is a critical part of student success. This discussion will focus on learning outcomes, assessment, and issues of measurement.
